Headroom	1.83 m	6' 0"
Engine Capacity	6-10 hp	
Designer	Alan F Hill Member YBD & SA	

The Tomahawk is acknowledged as one of Europe's finest 25' performance cruisers. It is the ideal family fast sailing yacht, giving both excellent sailing performance and maximum accommodation.

Built in GRP, the Tomahawk is an immensely strong yacht, and with the sail plan designed to match the hull shape, it is very light on the helm, and has proven to be a joy to sail.

A firm favourite in the 25' range, whether cruising along the coast at home or for those longer trips abroad.
